# Inaugural Address

BY

MAYOR ELIHU A. CORSON

---

*Gentlemen of the City Council:*

In completing two terms as Mayor, and about to assume the duties of another year, I do so with a feeling of great responsibility and the hope that we shall all work together during the coming year as in the past.

I feel assured that each department will guard the interests of Rochester and use its best judgment to that end; by so doing much can be accomplished.

It is the popular cry for retrenchment in taxes, and on the other hand all the improvements are wanted, good roads, good schools, good sidewalks, and various others could be mentioned. We should have good value for the money expended.

I wish to make it clear that the Mayor is ready and glad at any time to discuss with you, individually or collectively, that which is for the best interests of our City.

In my last inaugural I called your attention to many improvements which I am glad to say have be-

come accomplished facts, and other important measures that were not there mentioned are under way. This year a policy should be adopted in the line of permanent improvement which will add to the growth of the City.

We should work together in a constructive attitude as citizens keeping within our means. A small saving in the first cost too often demands a larger expenditure in the end.

Let us have civic pride enough to act well our part.

### FINANCIAL STATEMENT, JANUARY 1, 1927

#### DEBIT

Municipal Bonds,	\$84,000 00
Municipal Highway Bonds,	5,000 00
Borrowed in Anticipation of Taxes,	10,000 00
Accrued Interest,	2,012 09
Checks Out Unpaid,	5,059 08
Due on Sundry Accounts,	2,133 06
Amount due Water Works on Account,	18,363 25

---

\$126,567 48

	\$23,363 25

## SCHOOLS

Three years ago the School Board of Rochester introduced into its curricula a vocational course for the grammar and high school boys. This was a wise measure. The number of pupils in this course has increased so rapidly that the Council and School Board erected, the past year, a vocational building in the rear of the high school building. The building is a credit to our city.

The superintendent of schools has recently recommended to the School Board that all pupils should have training in physical education. I approve of the recommendation. Either give all the pupils physical training or let us not spend \$1,200 per year on a few.

Today the Rochester Schools are offering an education for all the pupils, rather than for the few who intend to go to college.

During the past ten years, domestic and mechanic arts courses have been added to the high school curricula. A full time school nurse has been employed. The high school enrollment has increased 15%. A longer school year is offered. These improvements, with the depreciation of the dollar ex-

plains just why our schools cost far more than ten years ago.

Are these changes worthwhile? I believe they are the best investments the city can make. May Rochester give its youth the best education it can afford.

### ROADS, BRIDGES AND DRAINS

As the years go by the road problem is still unsolved. To build the best type of road we must take into consideration the life and up-keep of the road, and also to keep the cost of same within our appropriation.

We should keep in touch with up-to-date road construction that we may get the most for the money expended, and build the kind of road best suited to the location, not looking at the first cost, but at the life and up-keep of the road.

This department has made good progress during the past few years, and if in the future we still continue to improve our highways we will soon have our roads in good condition.

I would recommend that we complete the road begun at Meaderboro, also the hot topping of Signal and Leonard Streets, Harrison Ave., Chestnut and Pine Streets, and the rebuilding of Eastern Ave. leading to East Rochester.

### WATER DEPARTMENT

The past year this department has experienced the most severe test upon its water supply, an exceedingly dry season with very little rain during the period

when the water consumption was at its highest peak, consequently Round Pond was lowered six feet. Water taken at this depth is very undesirable. I firmly believe the time has arrived that we should establish a reserve supply for the purpose of maintaining a higher water level at the present source. This would greatly improve the situation.

During the fall a thorough survey and careful investigation of the conditions have been made by the Layne N. Y. Co., ground water supply contractors, with no expense to the City. Outlining their report in general, there is the installation of an auxiliary water supply that will furnish sufficient water to meet the demands, if anything should happen, in making repairs in our present system, during algae periods, or supplying new main extensions and services. Complete description and plan of the new unit may be seen at any time at the Office of Superintendent. The installation of this system would be a great benefit, providing it proved successful.

The City also owns another water privilege that could be developed into a reserve reservoir at a very reasonable expense, with either the ground system or new catchment added to our present source. We will have ample supply to furnish any service required within our City. Sections desiring water that are impossible to serve with the present pressure may easily be supplied through mechanical devices installed at proper locations.

I recommend the Committee to carefully consider every problem and adopt that which is of the greatest interest to our citizens at large.

I am very much pleased with work accomplished in this department the past year.

### SURFACE DRAINS

This is one of our very important departments and should be kept up in the best possible manner. To do this, it would seem best to combine with the Sewer Department which has the needed equipment and skilled workmen along this line of work. By so doing more efficient work can be accomplished.

### STREET LIGHTS

I feel that our citizens should be quite satisfied with our lighting system.

We are improving it as fast as the appropriation will allow. Many rural sections have been reached, thus giving better service and protection.

We must realize that every added light installed costs (\$25.00) twenty-five dollars a year.

It behooves the Committee to consider well the petitions presented that the public may be served to the best advantage as far as our means will allow.

### POLICE DEPARTMENT

The report of this department will enable you to understand something of its value to the City. The past year with its heavy automobile traffic created a situation hard to handle, and I am of the opinion that the coming year will be much harder as there will be more cars on the road, and with the improvement of our highways, I think it would be wise on our part to

add to this department a motorcycle officer during the summer months, thus helping to avoid accidents. I believe the enforcement of our traffic laws will be conducive to the safety of the public.

Very efficient work has been done by this department in the past, and in the future it should be your aim to make our City a cleaner and safer place in which to live.

## FIRE DEPARTMENT

At this time I wish to call your attention to this department.

It has been called upon during the past year to answer in the City proper to thirteen bell alarms, one hundred sixty-two still alarms, with thirty-nine brush fires, and two out of the City, total 216.

In East Rochester, bell alarms six; still alarms eighteen; brush fires eight; total thirty-two.

In Gonic, bell alarms three; still alarms twenty-six; brush fires two; total thirty-one.

Total of all calls answered by the several stations 277.

Owing to the prompt action of this department no very serious losses have occurred.

Much praise is due for the efficient work performed in the past, and we should show our appreciation and interest by more frequent visits to the Central Fire Station where visitors are always welcome.

## THE PUBLIC LIBRARY

Well toward the front in our civic interests, and according to those best qualified to know an interest of which we have every reason to be proud, is our public library. The library not only furnishes recreation and worth while reading for the citizens, but makes it possible for those who desire, to pursue an advanced course of study or to find the necessary information on the subject which interests them.

In addition it provides the required outside reading for grade and high school pupils and material for the reference work demanded. In this alone it is a saving of many dollars to the City as the books which are absolutely necessary to carry on the courses at the schools can likewise be accessible to the entire public.

70,808 books have been given out during the last year, nearly 7,000 more than the year before and only the libraries at Manchester, Nashua, Concord and Portsmouth had larger circulations during 1925. This proves that the library is not standing still; that it is used and appreciated; that it holds its own with the libraries of larger cities having a greater income and many more volumes.

In order to keep up to this standard it must add many new and up-to-date books each year and it must have room to house and care for these books carefully. It must also have a reference room large enough to accommodate those who come to study.

In 1905 when the keys of the new building were handed over to the City it was thought to be adequate for twenty-five years with shelving for 25,000 vol-

umes. Twenty-one years and three months have passed and the book shelves are more than filled and the reference room is not large enough to accommodate the students who come almost daily during the school year.

We should keep this library creed in mind.

We believe in books.

We believe in free opportunity to read them.

We believe in a library which supplies the opportunity.

We believe in bringing the people and the library together.

We believe in good service when the people come.

We believe in people who support the library.

## SHADE TREES, PARKS AND COMMONS DEPARTMENT

During the past year much has been accomplished, and we hope the year 1927 will show a greater improvement in our Parks and Commons, especially the Common situated on the trunk line traveled by many tourists entering and leaving our City. I hope we can see our way clear to beautify this Common, thus making it an asset to the City.

In 1926 Judge L. P. Snow and Charles G. Jenness presented the City with a tract of land well situated to make a beautiful park. Nature has gone a long way toward that end, and with a little help from man could be made one of the beauty spots of Rochester.

We wish to preserve our Shade Trees and make our Parks and Commons as attractive as possible for we consider them one of the greatest assets a City can have.

## FORESTRY DEPARTMENT

While there has been an excellent showing made in this department there is much work yet to be done in Rochester.

The number of acres covered in 1926 was two thousand five hundred and ninety-eight (2,598) at a cost of (632.67) six hundred thirty-two and sixty-seven cents. The total number of acres covered to date is (22,000) twenty-two thousand, and at a cost of twenty-four cents per acre.

Ninety-one thousand (91,000) currant and gooseberry bushes have been destroyed. The balance needing protection in Rochester is (8,000) eight thousand acres.

To aid in the completion of the work I would recommend the appropriation of (\$500.00) five hundred dollars.

## CONCLUSION

During the past year some of our hopes and aspirations have been realized, and I wish to thank the City Council, as well as the Heads of each Department, for their courtesy and valuable assistance rendered me. I especially wish to thank the City Clerk for his faithful services at all times.

We shall cherish the memory of our Solicitor; one who we all loved and respected and who was always ready to advise and watch out for the best interests of Rochester.

We work, not because of ourselves, but because of the people who are to share the merits of our labor with us.

In conclusion I desire to express to the citizens of Rochester, not only my appreciation of the honor conferred in my re-election, but also for their unbroken confidence.

# Important Resolutions and Orders

Passed by the City Council

---

## RESOLUTION TO HIRE IN ANTICIPATION OF TAXES

*To the Honorable Mayor and City Council:*

Gentlemen: On December 24 owing to the lack of funds in the City Treasurer's hands to meet our payment for City Hall Bonds, it was necessary to place a note for ten thousand dollars, with Rochester Trust Co.

This condition is due to the fact that some of our largest tax-payers, with others, have not paid their 1925 taxes, but this condition is not serious as these taxes are bearing interest at the rate of ten per cent., and notes issued in anticipation of taxes are bearing interest at four and one-half per cent. We were obliged to carry over \$40,000.00 of these notes into 1926 account, and the uncollected tax list was \$42,351.07.

ELIHU A. CORSON,  
GEORGE H. TORR,

Finance Committee.

We would ask the passage of the following resolution:

That whereas the Finance Committee found it necessary to place a note for \$10,000.00 on Dec. 24, be it resolved that the action of said Finance Committee be endorsed.

Passed January 5, 1926.

#### AMENDMENT TO ORDINANCE CHANGING THE SALARY OF THE TRAFFIC OFFICER

*Be it Ordained by the City Council of the City of Rochester as follows:*

That we amend Section 1 of Chapter XXIV of the revised City Ordinances so that paragraph 12 shall have the fourth word of said paragraph read "fourteen" in place of "twelve" and that said paragraph as amended shall read as follows:

The Traffic Officer, Fourteen Hundred Dollars, payable weekly from the Police Department.

Passed January 5, 1926.

#### RESOLUTION FOR A NEW STREET

*Resolved by the City Council of the City of Rochester:*

That whereas there is great necessity for the accommodation of the public for a public sewer and a public highway from Portland Street to Summer Street, and for the extension of Leonard Street, along the line and over the land of the Boston and Maine Railroad and adjoining owners thereto, therefore:

Be it resolved that the Mayor appoint two members of the City Council to act with him as a Committee of Three to ascertain and determine if need be the northeasterly line of land of the Boston and Maine Railroad, and the southwesterly end of Leonard Street, and obtain from the owners of said land a price at which the same can be obtained for highway purposes and uses, and report at some future meeting of the City Council, with a view of establishing a highway from Portland to Summer Streets, and the extension of Leonard Street to an intersection therewith.

Passed March 2, 1926.

#### AMENDMENT TO ORDINANCE DUTIES OF BOARD OF FIRE ENGINEERS

*Be it Ordained by the City Council of the City of Rochester:*

That Section 16 of Chapter 8 of the City Ordinances be amended by striking out the whole thereof and inserting in its place the following:

Section 16. The Fire Engineers shall constitute a board for the inspection of all buildings and halls mentioned in Section 15 of this Chapter, and shall from time to time inspect the same, and if said Engineers believe certain uses of said buildings, or any part thereof, will endanger the health or safety of the persons occupying them or the public, they may order said buildings or any part thereof closed to such uses.

Said Engineers, after notifying and hearing all parties interested, may direct such alterations in any building, or part thereof, as may be necessary to make the same sanitary and safe, and may order the same closed until such alterations are made.

Also amend Section 17 of said Chapter by striking out from the third line thereof the figures 15 and inserting in their place the figures 19; by striking out the figures 116 and inserting in their places the figures 148; by striking out the word "Statutes" from said line and inserting in its place the word "Laws," so that said Section as amended shall read as follows:

Section 17. Every person aggrieved by any decision of such inspectors may appeal therefrom as provided in Section 19, of Chapter 148, of the Public Laws.

Passed March 2, 1926.

## RESOLUTION TO RAISE MONEY WITHIN THE SPRINKLING PRECINCT

*Resolved by the City Council of the City of Rochester:*

That there be raised by taxation, within the Sprinkling Precinct the sum of Twenty-five Hundred Dollars (\$2,500.00), in accordance with the act of the Legislature, creating said precinct.

Passed March 2, 1926.

## RESOLUTION TO RATIFY EXISTING CUSTOM

*Be it Resolved by the City Council of the City of Rochester:*

That the payments to the Chief Engineer heretofore made by the City Officials for extra service for staying at the Central Fire Station nights for two dollars per week, be and is hereby ratified and approved, and his pay for this service in the future be continued at the same rate.

Passed March 2, 1926.

RESOLUTION TO HAVE SURVEYS MADE AND  
ESTIMATES GIVEN FOR THE LAY-OUT OF  
A HIGHWAY TO EXTEND FROM NORTH  
MAIN STREET ACROSS THE CO-  
CHECO RIVER TO INTERSECT  
WITH THE EAST SIDE  
TRUNK LINE

*Resolved by the City Council of the City of Rochester:*

That the Committee on Shade Trees, Parks and Commons, in conjunction with the Committee on Roads, Bridges and Drains be instructed to procure plans and estimates for the lay-out of a new street, commencing at North Main at or above Strafford Square, extending to the Cocheco River, and the construction of a bridge across said river, and the lay-out of a parkway across Hanson Park of legal street width (as per paragraph six in the conditions of the Deed given by C. A. C. Hanson) and continuing in the same general direction as a public highway to intersect with the East Side Trunk Line.

Amended as follows:

The same to be paid for from any moneys not otherwise appropriated.

Passed March 2, 1926.

RESOLUTION OF ANNUAL APPROPRIATION

*Resolved by the City Council of the City of Rochester:*

That for the support of the various departments of the City of Rochester for the year 1926, there be raised by taxation the sum of two hundred seventy-seven thousand three hundred thirty-five 27/100 dollars (\$277,335.27) and the assessors are directed to

assess such amount, with such overlay as may be found necessary.

Passed March 2, 1926.

## RESOLUTION TO HIRE IN ANTICIPATION OF TAXES

*Resolved by the City Council of the City of Rochester:*

That the Committee on Finance be authorized to hire on note or notes of the City a sum not exceeding one hundred thousand dollars, in anticipation of taxes. Said notes to be issued at such times and paid at such time as the balance in the Treasury will permit.

Passed March 2, 1926.

## RESOLUTION PROTESTING INCREASE IN FREIGHT RATES IN N. H.

*Resolved by the City of Rochester:*

That the City of Rochester through its Council issue a protest against the proposed increase in the Freight Rates on Textiles in New Hampshire on the ground that they are too drastic, that they apply a higher rate basis to New Hampshire products shipped into New York City than that applied to competing manufacturers in the South, and that these increases will be detrimental to New Hampshire industries and put them at a serious disadvantage in their competition with Southern Mills, which is already exceptionally keen.

Passed May 4, 1926.

AMENDMENT TO ORDINANCE RELATING TO  
SHADE TREES

*Be it Ordained by the City Council of the City of Rochester:*

That Section 1, of Chapter 20, of the Ordinances be amended by inserting after the word "thereon" in the eighth line thereof the following words "and of all trees hereafter set out" so that said Section shall read as follows:

Section 1. The several parks and commons now and hereafter owned by the City, including Hanson Park, the Common at the southerly part of Rochester Village, Liberty Square, Woodman Square, Strafford Square, and Duval Park in said Rochester Village, Richards' Park and Harrington Square at East Rochester and Union Park at Gonic, together with all shade trees thereon and of all trees hereafter set out or standing in any street or highway in the City, shall be under the immediate management of the standing committee on Parks and Commons, who shall direct the expenditure of such sums of money as the City Council may appropriate for the ornamentation, care and maintenance of such grounds.

Passed June 1, 1926.

RESOLUTION OF APPRECIATION OF GIFTS OF  
LESLIE P. SNOW AND CHARLES G.  
JENNESS

*Be it Resolved by the City Council of the City of Rochester:*

That whereas Hon. Leslie P. Snow and Charles G. Jenness have given to the City of Rochester by

proper conveyance a tract of land in the City for highway purposes by deeds dated June 25, 1926, beginning at the southerly end of Congress Street and extending southerly to the Intervale tract of land recently conveyed to the City by Mr. Snow for a recreation park.

Therefore be it resolved that the City of Rochester accept said gifts and conveyances and extend to Mr. Snow and Mr. Jenness the high appreciation of the public for the same.

Be it further resolved that the layout and construction of said highway be referred to the Committee on Roads, Bridges and Drains for its action.

Passed July 6, 1926.

## RESOLUTION OF APPRECIATION OF GIFT OF SNOW INTERVALE

*Be it Resolved by the City Council of the City of Rochester:*

Whereas the Honorable Leslie P. Snow has made a most generous gift to the City of Rochester of ten acres of very valuable and beautiful land situate along the banks of the Cocheco River, and known as the Intervale, by deed dated June 25, 1926, to be used for a public recreation park, and whereas a proper development thereof would afford the citizens of Rochester an opportunity to develop reverence and love of nature's most beautiful, and will afford to youth the valuable opportunity to learn lessons of patience, self-reliance, industry, endurance, patriotism and character, so essential to progress and success.

Therefore be it resolved that the City of Rochester accept this gift and express to the Honorable Les-

lie P. Snow the high appreciation of its citizens therefor.

Be it further resolved that the lay-outs, construction and improvement of the grounds, and highways and parkways thereto be referred to a joint committee consisting of the standing committees on Shade Trees, Parks and Commons, and the Committee on Roads, Bridges and Drains, to develop and obtain plans of a lay-out and report to some future meeting of the City Council.

Passed July 6, 1926.

#### RESOLUTION OF APPRECIATION OF GIFT OF LAND AT STRAFFORD SQUARE

*Be it Resolved by the City Council of the City of Rochester:*

Whereas Honorable Leslie P. Snow has given to the City of Rochester a tract of land in the City to enlarge Strafford Square for highway purposes by deed dated April 14, 1926.

Therefore be it resolved that the City of Rochester accept said gift and conveyance and extend to Mr. Snow the high appreciation of the public for the same.

Be it further resolved that the lay-out and construction of said highway be referred to the Committee on Roads, Bridges and Drains for its action.

Passed July 6, 1926.

#### RESOLUTION TO EXTEND DISCOUNT PERIOD

*Resolved by the City Council of the City of Rochester:*

That for the collection of taxes for the year 1926 the provisions of Section 2 of Chapter XIX of the Re-

vised Ordinances of the City of Rochester be suspended and the Tax Collector be authorized to allow a discount of one and one-half per cent on all taxes paid in full on or before August 1, 1926, and one per cent on all taxes paid in full on or before September 1, 1926.

Passed July 6, 1926.

#### RESOLUTION TO CUT DOWN SIZE OF GRASS PLOT AROUND PARSON MAIN MONUMENT

*Be it Resolved by the Hon. Mayor and City Council of  
the City of Rochester:*

That the land around Parson Main Monument on Central Square be constructed into a square plot of such equal distance on all sides from the base of the monument as the Committee on Shade Trees, Parks and Commons and the Committee on Roads, Bridges and Drains, may think best and the rest of the land be hereafter used for highway purposes.

Passed August 3, 1926.

#### RESOLUTION PERTAINING TO NEW STREET FROM SIGNAL TO PORTLAND STREETS

*Be it Resolved by the City Council of the City of Rochester:*

That the report of the Committee appointed to confer with the Boston and Maine Railroad for terms of purchase of the real estate for the extension of Signal Street, southeasterly to Portland Street, and of Leonard Street southwesterly to the new line of Signal Street, made at this meeting, be accepted, and that said Committee be, and hereby are, authorized and empowered to purchase from the Bos-

ton and Maine Railroad land to extend Signal Street from its present terminus southeasterly to Portland Street, and to extend Leonard Street southwesterly from its present terminus to intersect the proposed construction of Signal Street, in such quantities, for such sums, and upon such terms and conditions, as to them may seem reasonable and proper.

Passed August 3, 1926.

#### RESOLUTION RELATING TO LAND OF BOSTON & MAINE RAILROAD ON SIGNAL STREET

*Resolved by the City Council of the City of Rochester:*

Whereas the space of land along the northerly side of Boston & Maine Railroad, available for the purpose of laying out and extending Signal Street to Portland Street has a width of only forty-two feet, which is sufficient for the accommodation of the public and the rules of this Council require all new highways to be not less than fifty feet wide.

Therefore be it resolved, that this rule of the City Council be suspended and Signal Street be extended and laid out to Portland Street of the width of forty-two feet.

Passed September 8, 1926.

#### AMENDMENT TO ORDINANCE RELATING TO SALARY OF ELECTION OFFICERS

*Be it Ordained by the City Council of the City of Rochester:*

That we amend Paragraphs 28 to 32 inclusive, of Chapter 24, Section 1 of the Revised Ordinances of the

City of Rochester so that said paragraphs shall read as follows:

Each member of the Board of Supervisors of Check List five dollars per day of actual service, except the Chairman who shall receive five dollars and fifty cents per day, payable from the Salary Department.

Each Ward Moderator six dollars per day payable from the Salary Department.

Each Ward Selectman five dollars per day of actual service including election day, payable from the Salary Department.

Each Ballot Inspector five dollars per day for each election day, payable from the Salary Department.

Each Ward Clerk five dollars for each election day and an additional sum of one dollar for each election return, and fifty cents for each juror drawn, payable from the Salary Department.

All Ordinances and parts of Ordinances inconsistent with this Ordinance are hereby repealed, and this Ordinance shall take effect January 1, 1927.

Passed October 5, 1927.

#### AMENDMENT TO ORDINANCE REGULATING SALE OF PETROLEUM PRODUCTS

*Be it Ordained by the City Council of the City of Rochester:*

That Chapter 16 of the City Ordinances be amended by adding thereto Section 7 as follows:

Section 7. The city Council upon application duly presented therefor may by major vote license one or more persons to store and sell petroleum, naphtha, and

illuminating oils as provided in Chapter 162 of the Public Laws of New Hampshire to expire on May 1 of each year, and the licensee shall pay a fee of one dollar to the City Clerk issuing the same.

The application for a license shall designate the place of storage.

The licensee shall have the same inspected and tested by the City Inspector at least once in every thirty days and shall pay reasonable compensation to said Inspector for said service.

This act to take effect upon its passage, revoking all other Ordinances, if any, inconsistent herewith.

Passed October 5, 1926.

### RESOLUTION TO TRANSFER FUNDS

*Resolved by the City Council of the City of Rochester:*

That if found necessary in closing the accounts of the year to transfer from a department where there is a balance to a department where there is a deficit the Committee on Finance be instructed to make such transfer.

Passed December 9, 1926.

### RESOLUTION AS TO PRINTING CITY REPORTS

*Resolved by the City Council of the City of Rochester:*

That the Committee on printing be instructed to have prepared for the printer all material that is to go into the 1926 Report, and that the printing of said Report be referred to said Committee with power to act.

Passed December 9, 1926.

# Expenditures of Water Works

---

For the Year Ending December 31, 1926

## PLUMBING ACCOUNT

Paid George E. Greenfield, weighing scrap iron,	\$ 75
John J. Boivin, 1 second hand meter,	5 00
Rochester Realty Co., manhole ring and cover,	10 00
R. B. McKim, 3 wrenches,	4 78
Sewerage Dept., castings,	45 00
Winslow & Co., 5-in. pipe,	103 75
Quaker City Mfg. Co., sheet packing,	12 44
Quaker City Mfg. Co., valve packing and gaskets,	16 75
H. Mueller Co., fittings,	58 09
Tompson Meter Co., meter repairs,	27 81
Hersey Meter Co., meter repairs,	3 64
Gamon Meter Co., meter repairs,	3 86
Buffalo Meter Co., meter repairs,	3 81
Pittsburgh Meter Co., meter repairs,	15 24
National Meter Co., meters and repairs,	650 91
Neptune Meter Co., meters and repairs,	472 94
Pierce Perry Co., pipe and fittings,	1,517 90
Braman, Dow & Co., pipe and fittings,	822 71
Boston Pipe & Fittings Co., pipe and fittings,	9 00
Sumner & Dunbar, pipe and fittings,	12 60

Paid American Tube Works, pipe and fittings,	\$54 65
Red Hed Mfg. Co., fittings,	1,619 89
Rensselaer Valve Co., gates and valves,	171 18
Ludlow Valve Mfg. Co., check valves,	258 39
Builder's Iron Foundry, C. I. fittings,	169 40
Grinnell Co., check valve fittings,	83 49
E. F. Hamlin Brass Co., fittings,	85 42
Albert P. Covey, fittings,	12 47
McShane's Garage, repairs,	9 64
Eugene C. Foss Co., repairs,	16 69
W. N. Morrison Co., repairs,	2 80
Boston & Maine R. R., freight,	175 31
Bond Co., repairs for paving breaker,	12 15
F. E. Hussey, paid out for express,	54 38
Pay Rolls for labor,	2,683 96
Total expenditures,	<hr/> \$9,206 80

---

#### MAINTENANCE ACCOUNT

Paid Kimball & Allen, liability premium,	\$89 10
Addressograph Co., new plates,	12 93
The Borden Co., pipe cutter,	12 93
The Pioneer Mfg. Co., hydrant paint,	68 01
Engesser & Schuster, 400 ft. cable for thawing machine,	82 32
R. W. Stiles, fitted wood,	12 00
Studley Box & Lumber Co., buttings,	7 00
Diamond Match Co., spruce boards,	8 52
A. W. Chesterton Co., pump diaphragms,	4 62
Boston Coupling Co., hose and nozzle,	21 00

Paid A. W. Chesterton Co., 1,000 lbs. pig lead and 2 wrenches,	\$118 63
Ingersoll Rand Co., two 50-ft. length air hose,	35 00
Murdock Mfg. & Supply Co., 3 bubbler fountains,	205 29
F. W. Fifield & Co., 5M water bills,	23 00
Courier Publishing Co., index cards,	7 00
Hays Mfg. Co., 12 curb box covers,	3 00
Town of Barrington, taxes,	188 50
Town of Strafford, taxes,	30 82
Grinnell Co., 3 complete sets check valves,	820 50
Courier Publishing Co., 50 cloth signs,	6 50
Carpenter Mfg. Co., parts for light,	2 50
Maplewood Garage, auto repairs,	2 40
M. H. Baker, painting stand pipe,	149 40
Spaulding Moss Co., 10 yds. cross section paper,	2 61
Ainslie's Drug Store, 1 gal. distilled water,	50
E. L. Dearborn, repairing boots,	2 50
John F. Griffin, chauffeurs' licenses,	6 00
Kimball & Allen, liability premium,	76 55
Merrimac Chemical Co., Calcium Chloride,	15 54
F. W. Fifield & Co., printing on water bills,	3 75
Rochester Printing Co., letter heads,	7 00
Elmer Martel, mason labor,	4 20
Courier Publishing Co., work slips,	5 00
Alphonse Lanoix, 500 brick,	9 00
N. S. Kline, press and seals,	8 50

Paid Kimball & Allen, additional liability premium,	\$16 52
Pearl Howard, tending fire at garage,	38 00
Harry A. Roberts, repairing tools,	61 70
James B. Callahan, repairing tools,	78 85
Alice F. Bradley, coal,	46 00
Alice F. Bradley, 132 bags cement for dam,	92 40
Hervey's Tire Shop, tires and repairs,	60 85
McShane's Garage, truck repairs,	20 70
Potvin's Garage, truck repairs,	15 75
Phillips' Garage, truck repairs,	144 75
Mitchell's Garage, truck repairs,	4 35
J. Frank Ellis, expenses paid,	17 98
Charles W. Varney, liability and fire premium on truck,	78 00
Charles W. Varney, fire premium, compressor and thawing machine,	70 00
Eagle Oil & Supply Co., oil and tools,	54 73
Edson Mfg. Corp., 1 pump,	181 30
Chase Handle Co., handles,	11 51
Ingersoll Rand Co., repairs on compressor,	45 44
Johnson Foundry, castings,	69 00
Geo. P. Furbush, P. M., stamped envelopes,	67 44
T. W. Osgood, stationery,	3 50
Diamond Match Co., lumber,	4 88
Rochester Lumber Co., lumber,	74 06
H. L. Sawyer, lumber,	2 16
W. S. Darley, leak detector repairs,	16 43
Braman, Dow & Co., service boxes and fittings,	171 60
Pierce Perry Co., fittings,	4 43

Paid Bond Co., repairs,	\$67 96
Red Hed Mfg. Co., fittings,	13 05
Mueller Co., fittings,	99 09
Rensselaer Valve Co., hydrant and gas- kets,	66 89
Ludlow Valve Co., hydrant barrels,	38 50
Eugene C. Foss, hardware,	61 04
Ayers & Jenkins Co., hardware,	26 72
E. M. Hawkes, repairing tools,	1 25
R. P. Corson, repairing tools,	2 45
G. F. Wilson, battery repairs,	1 00
Globe Store, lantern globes, etc.,	1 95
Albert P. Covey, fittings,	10 19
W. N. Morrison Co., repairs,	24 76
U. S. Industrial Alcohol Sales Co., de- natured alcohol,	62 70
Feineman Bros., rubber boots,	6 75
Lothrops, Farnham Co., rubber boots,	4 15
Standard Oil Co., 150 gals. kerosene,	25 00
F. E. Hussey, paid out for express,	10 99
Boston & Maine R. R., freight,	21 77
Roberts Office Supply Co., case for water books,	54 00
Highway Dept., gravel, gasolene and labor,	285 96
Twin State Gas & Elec. Co., lighting,	12 00
New Eng. Tel. & Tel. Co.,	60 97
Salary Dept., clerk hire,	650 00
J. Frank Ellis, Supt.,	414 00
Geo. D. Dame, Supt.,	986 00
Pay Rolls for labor,	4,067.02
Total expenditures,	<hr/> \$10,580 61

## CONSTRUCTION PLUMBING ACCOUNT

Paid Braman, Dow & Co., 2,200 ft. 2-in. galvanized pipe,	\$909 01
Boston & Maine R. R., freight,	105 05
James K. Horne, 40 ft. 2-in. galvanized pipe,	19 20
Pay Rolls for labor,	594 60
	<hr/>
Total expenditures,	\$1,627 86

---

NANCIE F. EVANS,

Auditor.

January 24, 1927.

# Report of Superintendent of Water Works

For the Year Ending December 31, 1926

---

*To the Committee on Water Works:*

Gentlemen:—The thirty-fifth report of this department is herewith submitted.

The source of supply during the year: Reservoir, Jan. 1 to July 2; Round Pond, July 2 to Nov. 12; Reservoir, Nov. 12 to Dec. 31.

Much credit is due our water takers for their co-operation, guarding against water waste during the extremely dry season. Therefore, allowing the water supply to continue satisfactorily through the year without any serious results.

The 2-in. main on Congress Street, beginning at Myrtle, replaced with 290 ft. of 6-in. C. I. pipe, 1 gate and Corey hydrant, steamer type, installed near Beaudoin's residence.

The 1¼-in. main on Ela Court replaced with 200 ft. of 2-in. W. I. pipe and one gate.

The 1½-in. main on Milton Road replaced with 391 ft. of 6-in. pipe and Corey hydrant, steamer type, installed near Carl's residence.

## Extensions

Maple Street extension from Oak to Haig, Hoover and Yale, 2,023 ft. 2-in. W. I. pipe and 3 gates.

Yale Street, 188 ft., 6 in. of 1-in. W. I. pipe and 1 gate.

Chestnut Hills Road, 277 ft. of 1-in. W. I. pipe.

Gagne Street, 77 ft. of 2-in. W. I. pipe.

One Corey hydrant, steamer type, sprinkler connections set in City Yard.

One Ludlow hydrant, steamer type, set in place of old Coffin in Spaulding Fibre Co. yard, North Main Street.

The old wooden dam on Berry Brook, near gate house, replaced with cement dam 57 ft. x 6 ft., 22-in. sluice gate installed.

A broken section in intake pipe Round Pond repaired by cutting in 7 ft., 6 in. of 16-in. pipe.

Total hydrants to date, including six at So.

Lebanon, Me.,	205
Hydrants repaired,	5
Hydrants raised,	3
Meters installed,	32
New services,	56
Services discontinued,	9
Services relaid,	151
Services to date,	1,951
Leaks in main,	5
Leaks in service pipe,	3
Frozen services thawed,	24

Total feet water main laid in 1926: 6-in., 718 ft., 6 in.; 2-in., 2,418 ft., 4 in.; 1-in., 465 ft., 6 in.

Total feet brass service pipe laid in 1926: 2-in. 16 ft., 4 in.; 1½-in., 75 ft., 9 in.; 1¼-in., 119 ft.; 1-in., 673 ft.; ¾-in., 6,333 ft., 5 in.

Total feet galvanized service pipe laid in 1926: 2-in., 113 ft.; 1-in., 772 ft., 6 in.; ¾-in., 1, 031 ft.

The following table gives sizes, makes, and number of meters in use in the City to December 31, 1926.

	5/8	3/4	1	1 1/4	1 1/2	2	3	4	6	8

Owned by city,

1,266

To the Committee, Mayor and Honorable Council,  
I wish to extend my thanks for their assistance and  
support accorded me during the past year.

Respectfully submitted,

GEO. D. DAME,

Superintendent.

# Report of Superintendent of Sewers

For the Year Ending December 31, 1926

---

*To the Committee on Sewers:*

Gentlemen:—The annual report of the Sewer Department is herewith submitted:

Number of permits to do plumbing,	81
Connections to main sewer,	36
Connections to date,	1,550
Connections cleaned,	62

Mains flushed twice during year, April and October.

## Main Extensions

Portland Street, 200 ft., 6 in. of 6-in. main, one manhole.

McKinley Street, 476 ft., 6 in. of 6-in. main, two manholes.

Off Milton Road, 190 ft. of 6-in. main, two manholes.

Pearl St., E. R., 300 ft. of 6 in. main, one manhole.

Respectfully submitted,

GEO. D. DAME,

Superintendent.

# Report of City Marshal

---

23	60 days in jail,	1
24	Fined \$5.00 and costs,	1
25	Turned over to Mass. State police,	1
	Lodgers for year,	867

Lights reported out,	17
Dogs dispatched,	31
Doors reported unlocked,	7

In conclusion I wish to express my sincere thanks to the Mayor and Council, to the Honorable Judge and Clerk of Court, and to the City Solicitor, for their assistance in conducting this Department for the year and to the officers for the faithful performance of their duties.

Respectfully submitted,

ISAAC W. RANKIN,

Marshal.

# Report of Chief Engineer of Fire Department

---

*To the Honorable Mayor and City Council:*

In rendering my report of the Fire Department for the year ending December 31, 1926, I would state that we have been very fortunate this year in not having many serious fires, and with our new equipment we feel that we are better prepared for whatever emergency may arise by having up-to-date equipment.

There have been 13 bell alarms, 161 still alarms, mostly chimney fires; 39 brush and forest fires in the city proper, 7 bell alarms, 18 still alarms, 6 brush and forest fires at East Rochester, 3 bell alarms, 26 still alarms, 6 brush and forest fires at Gonic, making a total of 279 alarms for the year.

February 10 we assisted Milton in its fire. We used the pump three and one-half hours.

December 7 we assisted Milton in its fire.

The amount of property involved is as follows:

Value of buildings,	\$109,300 00
Insurance on same,	80,500 00
Losses paid,	9,679 95
Value of contents,	93,967 77
Insurance on same,	29,495 90
Losses paid,	9,322 51

The amount of property involved in fires outside the hydrant services is as follows:

Value of buildings,	\$4,325 00
Insurance on same,	5,075 00
Losses paid,	695 66
Value of contents,	2,200 00
Insurance on same,	500 00
Losses paid,	13 15

This year the city has purchased 1500 feet of 2½-in. rubber lined, double jacket hose, 11 new fire alarm boxes which have been all installed, 12 rubber coats, 25 hats, a starter for our old car, new electric search-light, 1 Universal protective cover to cover up goods with.

At East Rochester we have installed 4 push alarm boxes, 4 miles of copper wire, new cross arms which gives it better fire protection.

The old fire alarm wire has all been taken down and replaced with new copper wire, the old cross arms removed and new ones put up, so you have a new line all over your city which required about nine miles of copper wire.

I will recommend that the city purchase a large siren for Gonic, like the one in East Rochester, and what push boxes are required to give a complete fire alarm system.

I will recommend that the city purchase wind-shields for the trucks.

In behalf of the Fire Department I will take this opportunity to extend our sincere thanks to all those who have been so kind and have given to the Department to show that they appreciate its good work.

In behalf of the Board of Engineers, I will take this opportunity to extend our sincere thanks to all the Officers and Members of the Fire Department for the promptness in which they have discharged their duties during the past year.

In conclusion, I will take this method to thank the Mayor and Fire Committee and members of the City Council for what they have done for the Fire Department during the year just ended, and we hope the new year will be as pleasant as last year.

Respectfully submitted,

JOHN F. NUTE,

Chief Engineer of Fire Department.

---

## Report of City Solicitor

---

*To the Honorable Mayor and City Council of the City of Rochester:*

While we are considering the present with the three claims or suits now pending in the Superior Court for Strafford County against the City, is it not proper to recall the many years of the past during which, by reason of the careful exercise and discharge of municipal duties, no suit has been brought against the City, and not a cent of public money has been expended in litigation, a record for proficiency and careful dealing I believe to be unequaled by any other community of our size within the State.

The first of these suits is the famous Barber case, known as George J. Barber against the Rochester School Board, to force the Board to permit his children to attend school without being vaccinated or granted exemption from vaccination by the local board of health.

The State Board of Health and the State School Board, through the State Attorney General's office have taken an active interest in the case. Hearings in the Superior Court and in the Supreme Court have been had, decisions from both have been made in favor of the Rochester School Board, and the case is nearly, if not quite settled, without judgment being obtained against our School Board.

The second case is a Bill of Equity brought against the City by Alonzo D. Hutchins for permission to

serve notice and bring suit against the City for neglect of the Highway Department because the truck he was driving on the 16th day of June, 1926, loaded with wood broke through the bridge at Gonic, causing damage to the truck of approximately one thousand dollars, and for personal injuries amounting to five hundred dollars. It will be necessary for Mr. Hutchins to prove a cause and right of action before the petition can be granted.

The third case is a Bill in Equity for abatement of taxes assessed by the City of Rochester upon the stock of goods of the Rochester Syndicate, so-called, brought by Lee Cohen as proprietor of said store, because she says she had no property within the City of Rochester on April 1st. This seems to raise no intricate or unsettled question of law, but must involve a condition of facts which ought to be settled by Miss Cohen and the Assessors, and thus save the expense and trouble of litigating her case in Court.

Respectfully submitted,

ELMER J. SMART,

Solicitor.

December 18, 1926.

# Report of Board of Health

---

*To the Honorable Mayor and City Council of the City  
of Rochester:*

We herewith submit our report for the year ending Dec. 31, 1926.

# Report of Library Trustees

---

*To the Honorable Mayor and City Council:*

Gentlemen:—The Board of Trustees of the Rochester Public Library submit the thirty-third annual report of the trustees also the librarian's and treasurer's report for the year 1926.

We wish to express to the mayor, the Honorable Elihu A. Corson, and to the committee on public buildings of the City Council our appreciation for the boiler placed in the basement, during the year. It has proved sufficient to heat the library building and we hope it will be adequate for any extension made to the present building.

During the year we have built wooden stacks in the basement for books. This makes it very hard for the librarian and assistants and for the patrons who wish to select books from the shelves.

It is the opinion of the trustees that the time has come when an addition to the present building must be made. We would respectfully ask the Mayor and Council to provide for this addition during the coming year.

During the year a large number of books have been discarded. They have served the patrons of the library but we have not been able to replace them for the want of funds. We ought to appropriate for books alone \$1,000.

The increase in circulation this year shows that the public is using the library and the large number

of students who come for reference work indicates its value to all classes.

Full information as to the routine work may be obtained from the report of the librarian which contains much other information on all points connected with the nature, extent, management and working of the library.

The receipts and expenditures for the year are clearly set out in the report of the treasurer.

From the experience of the past year your trustees find that it will be impossible to meet the demands of the public and maintain the library in a manner creditable to the city for a sum less than \$8,000.

The trustees recognize the zeal and intelligence of our librarian and appreciate the courteous work which the librarian and her assistants have rendered the public during the year.

For the trustees,

JOHN YOUNG,

Secretary.

Rochester, N. H., December 31, 1926.

# Report of Librarian

---

*To the Board of Trustees of the Rochester Public Library:*

Gentlemen:—At each meeting of your board a report of the outstanding events has been rendered. I therefore present to you at this time merely a summing up of the work of the year together with tables of statistics, gifts, circulation, comparisons and suggestions as to our present needs.

The year 1926 has been busy with a great variety of duties. Changes in the book shelves to relieve crowded conditions; moving files of magazines, sorting, discarding and rearranging hundreds of pamphlets and periodicals; changes in library staff and the consequent training of apprentices; attention to the demands of patrons and the ever increasing amount of general routine work has made a full year.

It is with some surprise therefore on counting up the book additions we find so few books have been purchased. All the money available for books has been spent however and we find that 509 volumes have been bought at a cost of \$747.96. If it were not for the kindness of dealers in giving us the best discounts possible we would not have very much to show for the money spent. Among the new books have been an up-to-date encyclopedia; two atlases, one for circulation and the "Source records of the great war."

178 volumes have been given to the library and 120 have been added by binding magazines. Making the total additions for the year 807.

Many things have happened to books this year. They have been exposed to scarlet fever and diphtheria; left out in storms; destroyed by small children and dogs and lost. 86 have been discarded because worn out. The total loss of 107 and the net gain of 700 makes the number of volumes in the library at this time 25,661.

After the last figures are added to the circulation records, there is always a period of suspense until the final summing up is accomplished and the totals are known. Year after year it is the same story and it is always a time for rejoicing when an increase is shown. This year the increase is 6,912 nearly 7,000. The total number of books given out, 70,808. The increase in the children's room 2,037 and their total circulation 16,676.

Second in importance is the number of readers and students. Again the number is smaller, 14,999. 2,018 less than last year. The reason for this is not evident. The rooms seem as busy, readers feeling very much at home, staying longer and coming day after day. Current numbers of the best periodicals may be found on the tables. 1,712 of this loss was in the children's room.

There has, however, been a great increase in the number of magazines taken out for home reading and the number of students using the rooms has been in advance of previous years. 42 have been counted in an afternoon.

Looking over the lists of about 3,400 books which the different teachers have submitted and from which the requirements in English must be chosen, it has been a pleasure to find what a large proportion of these may be found in the library as many of these lists are compiled by the English departments of the large city schools. Do the young people of today appreciate what it means to have these books at their disposal as well as the many aids furnished for their supplementary work.

Glad as we are to have so many of these books we are continually feeling our limitation especially is this true along civic, economic and vocational lines. It would cost nearly a thousand dollars to add books which seem absolutely necessary. Why doesn't someone make the library a Christmas present?

The circulation at both agencies has fallen off. This may be accounted for somewhat by the fact that the school pupils at both places must come to the main library for their required reading because of the few copies of each book.

Talking with Miss Allen, who for a number of years has so kindly kept at her home a little station of Rochester books for the benefit of her neighbors at Walnut Grove, we learned that two recent and popular books have created much interest at the little station. If two books can do this would it not be well to see that house stations and agencies are equipped with such new books as their patrons would read. Allowing them to remain until the interest waned then changing them for others as interesting. This would necessitate adding many duplicates as owing to the greater demand the main library must not be crippled.

Among the interesting things of the year was the course of lectures on current events by Mrs. Bessie E. Gray, given under the auspices of the Civics Department of the Rochester Woman's Club.

Another event of interest was the Vacation Reading Contest. 67 children enrolled for this contest. 42 continued and won diplomas. 486 recommended books were read and reported in writing.

Many gifts of books, curios, pictures and magazines have been received during the year. The Woman's Club again gave a subscription to the "New York Times" and the Civics' Department of the Club gave a wall map and cabinet in appreciation of their use of the lecture room. Subscriptions to magazines have been received from churches, clubs, orders and individuals, and the library has often been brightened by flowers the gift of patrons and friends. I would call your attention to the complete list of gifts which follows this report.

One of the most gratifying things is to have our own Rochester people as they go out to larger places and have access to other libraries come back with words of praise for the home library often telling us wherein it excels.

This is surely a much appreciated reward for the attempt which has been made to provide for the needs and demands of the patrons, whether for recreation or study and still keep the library up to the present day standards.

They tell us that "the library which stands still is dead" the time often comes however when it seems merely to be marking time, dependent as it is on the will of the governing body. They, not realizing per-

haps the increasing dependence of the schools and the public on the library, may tire of its demands.

Very soon an addition to the building must be built. Soon we must give to the public a longer library day. A day which begins, for the benefit of the outside pupils when the High School closes. We must have more shelving for books. The thousand books which have been moved to the basement has not relieved the crowded condition very much. There should be more room for reference work. It is now often necessary to take the reference books into the other rooms in order to use them. These things we know will all come in time.

The librarian has had throughout the year the faithful help and the co-operation of the assistants and at this time I would express my appreciation to them as well as to the Trustees who have always been ready to see that any plans for the benefit of the library were carried out.

Respectfully submitted,

LILLIAN E. PARSHLEY,

Librarian.

Rochester, N. H., December 31, 1926.

## STATISTICS, 1926

Population of Rochester,	9,037
Terms of use. Free to residents,

JOHN I. RANKIN

# Report of

## Superintendent of Schools

---

*To the School Board and Citizens of Rochester:*

I herewith submit the thirty-fifth annual school report, being the fourth under my supervision.

### AN INTERESTED AND INTELLIGENT PUBLIC

The school, as the largest supported tax institution in the city, needs continuously the interest of all the citizens of Rochester. One might compare the schools and the public to a business partnership in which the teachers and school officials are the administrators, the people the stockholders, and the boys and girls the products.

“Interpreting the schools to the people” is very essential, although it is equally as important that the public be known to the schools. Each must understand the other. School officials and teachers may become so interested in their work that they lose touch with the problems of the community.

If parents come to know teachers in a sympathetic way the criticism of outsiders will be of a minor nature. Frequently people criticize the schools because they have not taken the time to get the facts. Our future educational progress depends upon the understanding of the American public school system.

The U. S. Commissioner of Education said not long ago, "The American public school promotes health and happiness, creates culture, imparts knowledge, molds character and makes worthy citizens. No other human institution has achieved results comparable to it. No other institution is so cosmopolitan and democratic."

## TEACHERS

A city could have a school without textbooks, supplies, equipment and many other accessories found in the average classroom. It could not survive without a TEACHER.

The training of the elementary teachers in Rochester has been of a normal trained type, or its equivalent. These teachers have had many years of successful teaching experience. With such qualifications Rochester may feel sure that its boys and girls are having instruction equivalent to that of larger cities. No elementary teacher has been employed for the past few years who has not had at least two years of post secondary training and with at least two years of successful teaching experience. The annual turnover in the elementary school is very small. The average for the past five years has been only 2.6 teacher per year.

In the high school the teachers have four years of post secondary training and on an average far less teaching experience than the elementary teachers. The annual turnover in the high school staff for the past five years has been three times as great as in the elementary schools.

The chief reason for this large turnover in the teaching force in the high school is that the supply of

secondary teachers has not been so great as the elementary supply. However, during the past two years the secondary supply of teachers has increased so that Rochester will need to employ only teachers of experience in the high school.

The following changes have been made:

	Resignations	Elected
High School	Marion E. Nicoll	Charlotte Armstrong
	Charlotte Armstrong	Elsa K. Pearson
	Ruth Pulsifer	Elsie Chickering
	Mavorette Blackmer	Eliza Tarrant
	Dorrisica Caswell	Bernice Jordan
	Elton J. Mansell	*
	Catherine Larrabee	Marion Earle
* Edward Rumazza served as baseball coach and Daniel Sanborn as football coach.		
Elementary	Eleanor Bartlett	Florence Buckley
	Arline Edwards	Irene Colburn (3 wks.)
	Irene Colburn	Helen Berry
	Margaret P. Paul	Ethel Bailey
	Ethel Bailey	
	Florence Osborne	Phyllis Bliss
Music Supervisor	Anna Dell Quimby	Myra E. Sprague

## REPAIRS

The following repairs have been made:  
Allen Building.

1. Toilets installed in both basements.
2. Window shades in several rooms.
3. A steel flag pole erected in front of the building.

**East Rochester Building.**

1. Part of the roof shingled.
2. Tinted four classrooms and one corridor.
3. New window shades in several rooms.

**School Street Building.**

1. Completed fence on west side of lot.
2. New window shades in several rooms.

**Gonic Building.**

1. Connected two rooms for a kitchen and a dining room.

**Maple Street Building.**

1. Minor repairs were made.
2. Installed a telephone.

**High School.**

1. Tinted one corridor and one classroom.
2. Installed shower baths for boys.
3. New shades in several rooms.

**Repairs needed to be made:**

1. Varnishing several pupils' desks.
2. Tinting several classrooms.
3. Provide a suitable lunch room in the high school building.
4. Construct a cement walk from Wakefield Street to Vocational Building,
5. Construct a basement under the rear of Vocational Building.
6. Add more radiators to three or four classrooms in high school.
7. Place electric lights in a few classrooms.

## VOCATIONAL COURSES

The Mechanic Arts course for boys is as follows:

Grade 7	Woodworking	90 minutes a week
Grade 8	Woodworking	90 minutes a week
Grade 9	English	225 minutes a week
	Practical Mathematics	225 minutes a week
	History of Civilization	225 minutes a week
	Cabinet Making	90 minutes a week
	Mechanical Drawing	360 minutes a week
Grade 10	English	225 minutes a week
	Geometry	225 minutes a week
	Medieval and Modern History	225 minutes a week
	Pattern Making and Forging	360 minutes a week
	Mechanical Drawing	90 minutes a week
Grade 11	English	225 minutes a week
	Economics	225 minutes a week
	Mechanics, 1/2 year	225 minutes a week
	Shop Physics, 1/2 year	225 minutes a week
	Machine Work	360 minutes a week
	Mechanical Drawing	90 minutes a week
Grade 12	English	180 minutes a week
	Chemistry	315 minutes a week
	U. S. Constitutional History	225 minutes a week
	Advanced Work in Machine Shop	405 minutes a week
	Mechanical Drawing	45 minutes a week

The Domestic Arts for girls is as follows:

Grade 7	Cooking and Sewing	90 minutes a week
Grade 8	Cooking and Sewing	90 minutes a week
Grade 9	Textiles and Clothing	450 minutes a week
	English	225 minutes a week
	Community Civics	225 minutes a week
	Elective (one)	
	History	225 minutes a week
	French	225 minutes a week
	Algebra	225 minutes a week
Grade 10	English	225 minutes a week
	Foods and Nutrition	450 minutes a week
	Elective (two)	
	History	225 minutes a week
	Geometry	225 minutes a week
	French	225 minutes a week
Grade 11	English	225 minutes a week
	The Home, Its Care and Management	450 minutes a week
	Economics	225 minutes a week
	Elective (one)	
	Physics	225 minutes a week
	German	225 minutes a week
	French	225 minutes a week
Grade 12	English	180 minutes a week
	The Family and Its Members	450 minutes a week
	U. S. Constitutional History	225 minutes a week
	Elective (one)	
	German	225 minutes a week
	Chemistry	225 minutes a week

## VOCATIONAL BUILDING

Upon recommendation of the 1926 School Board a joint committee of the Council and School Board recommended to the City Council that a vocational building be erected on the high school lot in the rear of the high school building. This recommendation was unanimously passed by the Council and \$18,000 was appropriated for the same. The following members served as a joint committee: members of the Council, Harry G. Bickford, Hartley L. Wormhood, George Torr, Charles W. Varney and Joel W. McCrillis; members of the School Board, Miles H. Dustin, Mary C. Duval, Albert J. Desjardins, Lillian F. Cooper, Harry L. Sawyer.

During the year this building was erected. It has an average length of 116 feet and a width of 50 feet. The building is constructed of brick, one story high, and built so that another story could be added for classrooms. A basement can be had in the rear of the building at a cost of \$450.

The building has a drawing room, a machine and pattern making room, a kitchen, a dining room, an office, a blue print room and lavatory rooms. The basement will be used for electrical work and storage.

The boys of the Mechanic Arts department have done the wiring for the building, moved most of the equipment from the high school building, erected the center inside partition and will complete many details yet to be done. The boys' work has been under the supervision of Mr. Edmunds, head of the Mechanic Arts department. The boys have saved the city over \$600.

The total cost of the building will be a little less than \$23,000. In the financial part of this report you will find an itemized statement of amounts thus far paid out.

The City of Rochester has provided a vocational building that is an educational asset to the community and state.

### TRANSPORTATION

The Committee on Transportation has made a few changes in the barge routes during the year.

The Meaderboro school was temporarily closed in September. The children from this section and those pupils residing on the Hodgdon Road have been transported in one barge, thereby saving the city \$800 per year.

It was found that the Sampson road route could be combined with the Ten Rod Road route. This combination was a saving to the city of \$370 per year.

Owing to the discontinuance of the electric cars on the Dover road it has been necessary to add a route in this section of the city.

Rochester has now thirteen barges carrying to school 150 pupils.

### PHYSICAL TRAINING

Last year I recommended that physical training should be for all pupils. The 1926 School Board approved this recommendation and I trust the 1927 School Board will take a similar action. If the 1927 school budget is ratified as prepared by the 1926 School Board a full-time physical director can be secured in September.

Rochester, with but one exception, will be the last city in New Hampshire to adopt a complete physical training program.

### SCHOOL BOARD REGULATIONS

During the past year the School Board regulations have been revised. The principal changes made are as follows:

1. The number of standing committees has been reduced to six.

1. School finance.
2. Teachers and salaries.
3. Studies, textbooks, and supplies.
4. Schoolhouses and grounds.
5. Transportation.
6. Vocational training.

2. The Board has adopted a policy whereby the professional training of the teachers may be increased. Section 10, Chapter III reads, "Teachers are expected to increase their efficiency and promote professional growth by reading and study, by intelligent experiment, by visiting other schools and teachers, and by attending educational gatherings. All teachers shall attend a full session of a summer school approved by the Superintendent once in three years, receiving \$50.00 for each summer session so attended.

3. The Superintendent shall give preference in his nomination of teachers to those who have experience, college, or normal trained, and to women candidates who are unmarried.

4. No children who are under five and one-half years of age upon the first day of September may be

admitted to school, unless the training or mentality of the child is such that the Superintendent deems it advisable. Beginners shall be admitted only during the months of September and October.

5. "Tuition in high school shall be the average cost of instruction per pupil at Rochester High School the previous year, but not in excess of the average cost per pupil for the state as determined by Sec. 1, Chapter 129 of the Laws of N. H., 1925."

Tuition in the elementary schools shall be the average cost of such instruction in Rochester the previous year.

On January 1, 1927, the number of tuition pupils in the high school were nine; in the elementary schools, fourteen.

6. A standing of B plus or 85 per cent. is required of all pupils who desire certificates for colleges represented in the New England College Entrance Certificate Board.

7. The morning exercises of all the schools shall commence with the reading of Bible selections, followed by the Lord's Prayer. The singing of the Star Spangled Banner and other patriotic songs shall be frequently, if not daily, a part of the opening or closing exercises of each school. Similar exercises shall be held in the so-called home rooms at the high school.

## EVENING SCHOOL

This year our enrollment has been the largest for several years. Rochester is one of the few cities in New Hampshire that is making a success of its evening schools.

The chief reason for this is that courses other than English are being offered. Many adults who have graduated from our grammar and high school are taking courses in the evening school in conjunction with their daily vocation.

The \$1040 appropriated for this type of education is a great investment for Rochester.

The enrollment is as follows:

42 pupils are taking English.

15 pupils are taking Domestic Arts.

24 pupils are taking Mechanic Arts.

6 pupils are taking Mechanical Drawing.

51 pupils are taking Shorthand and Typewriting.

In October, 1926, there were enrolled:

44 men under twenty-one.

23 men over twenty-one.

46 women under twenty-one.

25 women over twenty-one.

Teachers:

Mechanical Drawing, Guy O. Edmunds, Principal.

Beginners' English, Ellen L. Hart.

Intermediate English, Marion Whipple.

Advanced English, Mrs. Ethel Leonard.

Stenography, Arlene Baker.

Typewriting, Clara Warburton.

Cooking and Sewing, Elsie Chickering.

Woodworking, Rodger M. Tolman and Harry Dame.

## TEACHER TENURE

The subject of tenure is of great importance to all professions. The manufacturer is able to estimate his financial loss on account of a labor turnover. His

products are tangible. The product from the school is a far more intangible one and is very difficult to measure. However, it is conceded by the leading educators of the country that a small teacher turnover is desirable. A tenure law tends to hold teachers. Its principal feature is that a teacher is put upon a permanent list after three years of probation.

Rochester has practically a tenure system. The School Board would need to change only one word in its School Board regulations, substituting in Section 6, Chapter III, *shall* for *may*. I would suggest that the Committee on Teachers and Salaries make a study of teacher tenure.

### SUMMER SCHOOLS

During the summer of 1926 there were six of our teachers who attended summer school for six weeks. Owing to the new School Board regulations there will probably be a greater number in 1927. During the summer of 1926 there were 217,220 teachers or 27% of the teachers in this country who attended summer schools.

What do the summer schools offer? The National Education Association summarizes the opportunity of the summer school for teachers as follows:

1. Teachers come in contact with people interested in the same work.
2. Meet educational and lay leaders.
3. Learn the newer trends in education.
4. Re-acquire the student's point of view.
5. Observe new methods of teaching.
6. Gain inner power to carry on and equip themselves for longer service.

## TESTS AND MEASUREMENTS

Standardized tests have been made by the teachers and the superintendent in both the high and elementary grades. The results of these tests show that Rochester's schools as a whole measure well with the city school systems of this country. Tests of this nature aid the teacher to study the individual.

There is a great tendency in all professions to lose sight of the individual, especially so in mass education.

The teachers made use of these tests as follows:

1. More attention was given to the subject, arithmetic for an illustration, if the class or individual showed weakness in the subject.

2. Pupils were promoted to the next grade if the parent deemed it wise.

3. Certain characteristics of the pupils were discovered, thereby aiding both pupil and teacher.

4. The marking systems were checked.

5. New methods of giving examinations were used.

## LUNCHES AT THE HIGH SCHOOL

The time is now at hand when we can offer to the pupils of the high school a wholesome lunch for a few cents. Pupils who are obliged to eat their breakfasts at 6.30 A. M. and cannot have a warm luncheon before 1.30 to 2.00 P. M., are injuring their health.

We have now a room in the basement that can be used for this purpose. It seems inconsistent to me for the School Board to employ a school nurse and then allow non-nutritious foods to be sold in the schools.

## INSURANCE ON SCHOOL BUILDINGS 1927

## COST OF HIGH SCHOOL INSTRUCTION

In Cities of N. H., for 1925-26

Public Senior High School

Cities	Average Membership	Average Cost per Pupil
Manchester	1874	\$130 92
Laconia	320	118 79
Berlin	385	115 25
Concord	580	108 28
Dover	364	98 64
Nashua	770	95 41
Somersworth	93	94 61
ROCHESTER	300	84 39
Keene	581	74 46
Franklin	201	71 02
Portsmouth	697	64 14

Average for above cities, \$95.99

Cost for Rochester, 1923-24, \$86.40

## HOW THE SCHOOL DOLLAR IS EXPENDED

In Rochester

1925-26 (Year Ending July 1, 1926)

	Rochester	Laconia (1924-25)	In State
Administration	\$ .038	\$ .041	\$ .0484
Instruction	.650	.695	.4995
Operation & Maintenance			
Plant	.126	.112	.1064
Auxiliary Agencies (Tu- ition, Transportation, School Nurse)	.090	.075	.0960

Fixed Charges	.012	.028	.007
Construction & Equip- ment	.055	.049	.1334
Other Charges	.029		.1093
	<hr/>	<hr/>	<hr/>
	\$1.000	\$1.000	\$1.0000

Laconia's percentage was figure on current expenditure rather than total cost.

### RECOMMENDATIONS

1. Make the repairs as recommended under the subject of repairs.
2. Employ a full-time physical director after July 1, 1927.
3. Employ an extra teacher at the Allen building to eliminate the larger classes in the upper grades.
4. Provide suitable lunches at the High School building.
5. Provide a place for physical training.

### CONCLUSION

The progress made this year, as in past years, is the result of all working together, with the welfare of the boys and girls ever before us. The School Board has at all times cooperated, the teachers are a hard-working and a loyal group, the parents, citizens, secretary to the superintendent, and pupils have realized the value of good schools. Rochester has pride in its schools. I wish to express my appreciation to all these agents.

Respectfully submitted,

WILLIAM H. BUKER,  
Superintendent of Schools.

# Report of Principal of High School

*Mr. William H. Buker, Supt. of Schools, Rochester, N. H.:*

Dear Sir:—I herewith submit my annual report as Headmaster of the Rochester High School.

The school has enrolled this year 329 pupils.

## REGISTRATION BY CLASSES

	Post Graduates	Seniors	Juniors	Sophomores	Freshmen	Total
Boys enrolled	3	21	36	50	54	164
Boys left school	0	0	5	1	3	9

You will note that football does not pay for itself financially. I feel, however, that the training the boys

receive makes the sport very much worth while. For a comparison between this year and last please note the following:

Receipts from football, 1925,	\$962 65
Expenditures for football, 1925,	1,236 56

### HONORS

The Springfield Scholarship was awarded to Miss Alice Thompson, now a freshman at the Ohio Wesleyan University. The Dartmouth Medal for excellence in scholarship was awarded to John Woodman of the class of 1929. Large scholarship R's were awarded to Louise Dickenson, Alice Thompson, and Edith Hooper.

Small scholarship R's were awarded to: Seniors: Eleanor Blaisdell, Beatrice Bovine, Louise Dickenson, Wallace Green, Bernice Goodale, Edith Hooper, Annette Lachance, Barbara Mitchell, Alice Thompson, Norman McCallister. Juniors: Charles Felker, Elwyn Meader. Sophomores: James Bray, Evelyn Dorr, Esther Emery, Elizabeth Lowe, Wayne Ricker, Marguerite Shedd. Freshmen: Frances Lucy, Claire Masse, Doretta Robellard, Beatrice Nutter, Annie Phillips, Nora Scahill, Alma White, John Woodman.

---

CLASS MOTTO: Non Confectus Sed Initus

### CLASS OFFICERS

## CONCLUSION

The success attained this year has been due to the loyalty, cooperation and fine spirit manifested by teachers and pupils. I wish to thank the superintendent and the School Board for their interest in the work of the High School.

Respectfully submitted,

ELWOOD S. FRASER,

Headmaster.

December 15, 1926.

# Report of Supervisor of Music

---

*To the Superintendent of Schools:*

I herewith submit my first report as Supervisor of Music in the Rochester public schools.

The child's early musical experience, as in language, must be acquired by imitation. For this reason "Rote songs" form the basis of music teaching in the first grade to create in the child a love for music and to give him this musical experience. He is taught to listen carefully and to express accurately what he hears. Insistence on light, mellow tone quality is of primary importance. Special attention and help is given children whose sense of pitch is latent or deficient.

The first real music reading begins in the second grade. Rote song singing continues, but becomes of secondary importance as the pupils gain independence in the use of notation.

The various problems peculiar to each grade in time, tone and theory are presented and drilled upon, not forgetting the concept of beautiful tone, proper breathing and phrasing necessary for true appreciation of music.

In two-part singing the children are taught to carry either the first or second. We are fortunate in having modern text-books with the voice compass such

that it is possible to give the boys and girls this valuable experience.

At the introduction of three-part singing voices are tested.

The Junior High School orchestra is continuing its work this year. This organization gives additional musical training of value, enables a pupil who cannot sing to take an active part in music and serves as a training school for the Senior High School orchestra. Plans are being made for a Junior High School Glee Club.

In the High School both the orchestra and glee club are doing well. Each furnished music for the County Teachers' Institute held here on November 5, 1926.

I am glad to have this opportunity of thanking the superintendent and teachers for their support and co-operation. Such cooperation is of invaluable assistance to the supervisor.

In conclusion may I add that our aim in music education is not to make trained musicians, but to create lovers of music, so to influence the mental, physical and spiritual lives of the pupils.

Respectfully submitted,

MYRA E. SPRAGUE.

# Report of School Nurse

---

*To the Superintendent of Schools:*

Herewith is submitted the report of the Medical Inspection for the school year, 1925-1926.

Number of pupils examined,	1,854
Pupils absent,	62
Pupils with defective teeth,	645
Pupils with hypertrophied tonsils,	342
Pupils with defective vision,	163
Pupils with defective hearing,	34
Pupils 10% underweight,	321
Pupils improved since last Medical Inspection.	
Pupils' teeth improved,	528
Pupils' tonsils improved,	61
Pupils' vision improved,	110
Pupils' hearing improved,	9
Pupils 10% underweight brought up to normal,	126

Minor injuries and disabilities and such diseases as pediculosis, scabies and impetigo have been treated continuously throughout the year, the home and pupils, as a rule, eagerly carrying out given suggestions.

The "Teeth Problem," the most glaring one in all school work, is gradually being met, this in a marked degree due to the interest of those at home and the pupils in our schools, and to the kindly cooperation of our dentists.

There is still on the part of some pupils antagonism toward needed glasses, but the effort is constantly made to emphasize the value of good eye sight and the permanent harm often done through neglect.

It is the working together that wins success and I wish to thank the pupils, parents, teachers, principals, Superintendent of schools, School Board and all others who have aided in this work.

Respectfully submitted,

AUGUSTA M. WEST, R. N.,

School Nurse.

# Report of Playground Supervisor

---

*To the Superintendent of Schools:*

I herewith submit my report as supervisor of the Playground.

This year through the courtesy of the local chapter of the American Red Cross I was sent to the Red Cross Life Saving and First Aid Institute at Wescott, Maine, and completed the prescribed courses—Life Saving, Life Saving Examiner, Boating and Canoeing, Elementary Swimming, Standard First Aid, Advanced First Aid, Diving and Advanced Swimming.

Of these I taught Life Saving, Diving, Elementary and Advanced Swimming. Boating and Canoeing were out of the question, we have no boats or canoes. First Aid was tried but found impossible because classes could not be formed.

More than forty persons signed up for Life Saving but only eight seniors and seven juniors were able to complete their tests. That is a very good percentage in view of the fact that no classes were held, every person getting individual instruction. Several others are practically finished, and need but a few points to enable them to receive their certificates. These eight seniors with the two who passed last year will be able to form a Life Saving Corps, something of which few towns or cities in New Hampshire can boast.

With the help of a few of the habitués of the swimming hole a new diving platform and springboard were erected in the center of the river at Sandy Point, which materially increased the interest in waterwork.

Of the other sports, tennis claimed the most adherents, competition being very keen among the juniors. The addition of one or two more courts would more than double the interest in this excellent form of exercise.

Another feature which was no small factor in contributing to the success of the program was the presence of Officer Joseph Cooley who was on the grounds from nine in the morning until nine at night. In fact everything possible was done to make the place safe and sane for the public of Rochester.

The attendance this year was much greater than the preceding ones, due no doubt to the fact that both the playground and the swimming hole were patrolled.

In conclusion I wish to thank Mr. Buker for his help and advice, the Red Cross for sending me to the Institute, the Police Department for supplying Mr. Cooley and the public of Rochester for their patronage.

Respectfully submitted,

JAMES BOWERING, JR.

## SCHOOL SESSIONS

High School, 8.00 A. M.-1.00 P. M.

Allen, School St., Maple St., East Rochester, Wake-  
field St., 8.45-11.45 A. M. and 1.15-3.30 P. M.

Gonic, 8.45-11.45 A. M. and 1.00-3.15 P. M.

## HOLIDAYS

Labor Day, Columbus Day, Thanksgiving Day, with the Friday following, Christmas Day, New Year's Day, Washington's Birthday, Fast Day, Memorial Day, and every Saturday.

## NO-SCHOOL SIGNAL

Two blasts upon the fire alarm, repeated once.

At 7.05 A. M., all schools closed for the forenoon.

At 8.00 A. M., elementary schools closed for the forenoon.

At 12.30 P. M., all schools closed for the afternoon.

At 11.15 A. M., all grades dismissed at the usual morning closing hour for the rest of the day.

The same signals will be sounded in Gonic and East Rochester.

## TUITION

Tuition shall be the average cost of instruction per pupil at Rochester High School the previous year, but not in excess of the average cost per pupil for the state as determined by Sec. I, Chapter 129 of Laws of N. H. 1925.

Tuition in the elementary schools shall be the average cost of such instruction in Rochester the previous year.

Non-resident pupils desiring to be admitted to Rochester schools should first secure a written permit from the superintendent of schools.

# Graduation Exercises

Edyth Hooper

## GRADUATES

## ACADEMIC COURSE

Dwight Arnold	Barbara Mitchell
Richard Bates	Charles Morgan
Eleanor Blaisdell	Elmon Moore
Hattie Brown	Harold Muggleston
Robert Cochrane	Norman McCallister
Natalie Davis	Dorothy Nangle
Roland Ferland	Dan Nixon
Clyde Foss	Raymond Perreault
Lois Fownes	Harry Putnam
Wallace Green	Orestes Rumazza
Mavis Hodgdon	Robert Rumazza
Reginald King	Alice Thompson
John Manning	Edmond Vachon
Leland Maxfield	Jeanette Ward
Leon Meader	Stanley Wright

## GENERAL COURSE

Samuel Crosby	Lawrence Osgood
Nellie Farrell	Frederick Rioux
Bernice Goodale	Elmer Seavey
Morris Marsh	Harold Smith
	Edwin Towle

## COMMERCIAL COURSE

Berna Allen	Alex Larochelle
Leila Bagley	Elsie MacLeod
Beatrice Boivin	Alice Marchand
Barbara Bray	Ateena Michael
Rachel Brennan	Barbara Miller
Louise Dickinson	Charles Morrill
Edythe Hall	Thomas Nangle
Mary Hamel	Winnifred Page
Marion Hartley	Betty Scruton
Edyth Hooper	Beryl Small
Olga Langford	Frances Tebbetts

## DOMESTIC ARTS

Lillian Burgess	Virginia Hurd
Charlotte Burrows	Annette Lachance
	Hylde Shaw

THE CLASS ODE

---

*Sung to the music of "A Long, Long Trail" and  
"Aloha Oe"*

BY JOHN MANNING

Now our playing days are over,  
    It is the time to take our tasks  
And fulfill the pledge we've given.  
    This the world now asks.  
Our childhood days are far, far past, friends,  
    The hour of work's at last begun.  
Lo, the world ope's wide its portals  
    And bids us all to come.

We have reached the brink of fate, friend—  
    Now into life's stream we fall,  
And nought this side of heaven  
    Can the past recall.  
The world will not be hard on you, friend,  
    If you but do well your part,  
And strive with all that's in you  
    With a kind yet resolute heart.

O may the best  
    Of happiness  
Be with you all unto the very end.  
    Farewell, dear friends;  
This is the parting hour.  
    May God all dangers from you fend.

## EIGHTH GRADE GRADUATES, JUNE 18, 1926

## ALLEN SCHOOL

Arsenault, Lena	Houle, Lucille L.
*Auger, Pauline E.	*Howard, Ruby G.
*Berry, Lucille A.	*Jeffry, Phyllis E.
*Blanchard, Dick S.	*Jenness, Lloyd K.
*Bolduc, Annette E.	*Jenness, Natalie K.
*Boudreau, Ernest J.	*Labonte, Ella L.
*Brock, Marjory D.	*Laverdiere, Joseph A.
*Buker, Wayne A.	*Lefebvre, Addie A.
Carr, Malcolm F.	*Luneau, Bernadette
Colby, Thelma	*Lupien, Florence
Cormier, Leo	*Michael, Louise E.
*Dolbec, Diana R.	*Moore, Louise E.
*Draper, Dorothy	*Page, Edward H.
*Ellis, Frank	*Peterson, Clarence E.
*Emerson, Mildred E.	*Rogers, Wilhemena
*Fisher, Brenda	Scott, Agnes E.
*Forcier, Paul J.	Rowe, Lloyd J.
*Foss, Marguerite E.	*Seavey, Samuel F.
*Foss, Robert W.	*Shaw, Alexander, Jr.
*Foster, Marjory D.	*Shedd, John M.
*French, Ida	*Springfield, Doris M.
Garland, Robert E.	*Torr, John G.
*Gilbert, Raymond	Trueworthy, Lucinda D.
Gile, Leon	*Tuttle, Alice L.
*Gile, Madison S.	*Wiggin, Ruth
Hall, Elmer A.	*Willey, Geraldine
Hanscom, Gordon S.	*Wilson, Ruth
Hatch, Hester	*Wood, Marion E.
*Hayes, Marguerite	*Yeaton, Frieda A.
Hooper, Lawrence A.	*York, Gladys M.

## SCHOOL STREET SCHOOL

*Andrews, Rosemond	Johnson, Perley
*Bonser, Neoma	Jordan, Madeline
Brown, Marion	*King, Ruth
*Cassidy, James	*Lagasse, Raymond
*Cegiel, Marie	Lyons, Fred
*Chalmers, Dwight	*Otis, Willis
*Colbath, Clarence	Page, Rose
Cook, Edmond	Palmer, Blanche
*Corson, Philip	*Palmer, Charlotte
*Crosby, Esther	*Perreault, Rudolph
*Dame, Emily	*Ricker, Paul
*Davis, Beverly	*Shaw, Gilbert
*Field, Hazel	*Shorey, Phyllis
*Gilman, Frank	Stuart, Reginald
*Gilman, Freda	Tuck, Marjorie
*Herron, Gertrude	*Varney, Charles
*Jacobs, Lloyd	*Wright, Morrill

## GONIC SCHOOL

*Bennett, Barbara E.	*Hartley, Ellsworth
*Bickford, Louis	*Meader, Richard
*Brown, Francis	*Rioux, Roger
*Bunker, George	*Rocheleau, Evangeline
*Connelly, Alice	*Watson, Barbara
*Ferguson, Marjorie	*Watson, Robert
*Hamilton, Doris	

## EAST ROCHESTER SCHOOL

Allard, Wallie	*Greene, Alameda
*Bickford, Bertha	Hall, Aleatha
*Cilley, Agnes	*Hickey, Lawrence
Clough, Robert	*Hurd, Albion
*Deveau, Lawrence	McCrillis, Otto
*Dorr, Harold	*Pray, Alice
*Farrell, Merlon	*Ruel, Ernestine
Garland, Lovisie	*Sleeper, Helen
Garnett, Thurlow	*Terrien, Mildred
*Grady, Catherine	

\*These pupils entered High School, September, 1926.

## IN MEMORIAM

Harold Freeman, East Rochester School, Grade VII,  
Sept. 15, 1926.

Mildred A. Tuttle, School Street School, Grade VIII,  
April 2, 1925

Raymond Vachon, High School, Third Year, Dec. 2,  
1926

Florence Osborne, Teacher, Grade III, School Street  
School, Nov. 29, 1926

The following resolutions were spread upon the  
School Board records:

Be it Resolved: That Rochester has lost from its teaching force a most efficient teacher, friend, and associate. Miss Osborne was loved and respected by all her acquaintances. Her life was an example to others for it always showed within it that spirit, "Do unto others what you would have them do unto you." Only the Divine Power above understands why she was called to complete her earthly work so early in life. May the memory of her Christian life lighten the sorrow in her immediate family.

Be it Resolved: That the School Board spread upon its records the above resolutions and a copy of the same be sent her mother.

Vital Statistics  
of the City of Rochester  
1926

## BIRTHS
